

I am honored to serve as Superintendent of North Putnam Community School Corporation. It is truly a privilege serving the children, parents, and community of North Putnam and working alongside our administrators, teachers, and staff. My nineteen years of experience as an elementary and high school teacher and my nine years of experience as a Central Office administrator have provided me with a wide range of leadership experiences. I have worked extensively in the areas of curriculum development, instruction, and assessment and I have led strategic planning initiatives focused on improving student achievement.

My commitment is to build upon the strong traditions of North Putnam Community School Corporation and foster an environment of collaboration, coalition, and cooperation. Every decision we make will be based, first and foremost, on what is best for our students and our schools.

I have developed an Entry Plan that will be my road map during my first 90 days as Superintendent. I will be meeting with members of the Board of School Trustees, administrators, teachers, staff, parents, association leaders, and community members. My goal is to listen, to visit our schools, to gather information, and to learn what is working and what is not working. From these listening sessions, we will develop a strategic plan that will build on the good work that has taken place at North Putnam Community School Corporation and that will guide our work during the next three-to-five years.

It is important that I receive input from as many people as possible in our school community, so if you have ideas or issues you would like to discuss, please send me an e-mail [mlovejoy@nputnam.k12.in.us](mailto:mlovejoy@nputnam.k12.in.us). I am interested in hearing your ideas.

Sincerely,

A handwritten signature in cursive script that reads "Mary Sugg Lovejoy".

Mary Sugg Lovejoy, Ph.D.  
Superintendent  
North Putnam Community School Corporation
