

Physical Education

Boys' physical education classes, under the careful guidance of Mr. Gibson and Mr. Sharp, participated in many varied and difficult activities. They climbed peg-boards, did all types of gymnastics, danced, played softball, basketball and volleyball.

The girls' physical education classes participated in similar activities in which the boys also took part. These girls, junior high and high school alike, were under the direction of Mrs. Cox.

Mrs. Cox

Mr. Sharp

The eighth girls' gym class participated in many gymnastic skills this past year.

Among the many exercises which the boys' gym classes executed throughout the year was the climbing of the peg board.
