

CHESS CLUB

North Putnam Chess Club sponsored by Mr. Bonar.

I'LL TAKE YOUR QUEEN

The Chess Club at North Putnam this year turned out to have one of the most promising teams ever. Most of their chess meets were played with Greencastle and proved the two teams to be well balanced.

The club consisted of nine members: some had played on the chess team for quite a few years while others were just beginning, but they learned the rules and strategies quickly by watching and playing the more experienced members. Several chess team members participated in a regional meet at Indianapolis.

Mr. Bonar, their sponsor, also gave assistance during the practice sessions.
