

This year the North Putnam High School Band's annual trip was an exciting trip to Florida.

The band left on April 6, and returned April 13. While in Florida, the band visited Walt Disney World, where they performed in "Dumbo's Parade." The band also enjoyed a day at Clearwater beach, and a day at Silver Springs and Wild Waters. In order to make this trip, the band took part in several fund-raising projects. They sold calendars, fruit cakes, a blanket, and a TV. They also held a car wash and bake sale last fall on a Saturday. This involved many of the kids and band parents as did the chicken-pulling project at Proctor's chicken farm. On a Sunday in January, band members loaded 13,600 chickens on 2 semis. Two other days, they unloaded 15,000.

These projects involved many band members working together to achieve *their* goal—FLORIDA!
