

If you were ever bored at North Putnam in "84-85", it was your own fault. North Putnam organizations seemed to be at full tilt. The Spanish Club went to Chi-Chi's, JCL had their annual Roman Banquet, in FFA Rod Early won a national contest while in OEA Lisa Spires was District Seven vice-president, the Science Club went to Science & Industry Museum in Chicago, and the FHA proudly visited their State Conference. North Putnam Clubs were not down and out, but on their way UP!!
