

Success in sports at North Putnam is really a matter of perspective. Most of the coaches will tell you that their teams have had good seasons, but many will include phrases like "rebuilding year" and can cite many a "close game". When you think of sports here, you just can't think of the numbers, you look at the people, like, Tim McAfee, Ryan Wehrman, Jana Buser, and Heidi Blocher. The Cougars sent Ryan Lathrop to Semi-State in wrestling, and the faculty played the Colts. The Cougars had a new athletic director who is smaller than most people in school; Phil Myers. The Cougars have many great things to remember in sports, Cougars are never quitters, which proves that WE ARE ON OUR WAY UP!!!!!!!
