ART — There has been an Art Club since 1962 when North Putnam was established. Some of the things the members accomplished were concessions, making Christmas decorations, and help judge the elementary art show. Several members of the Art Club were asked what they plan to do in the future with their Art talents. Jon Sorrell hopes to continue his studies in Art at Ball State University in the area of Graphic Design. Darrin Cox will someday draw illustrations for books. Tod Ulrey sees the need for his Art talents to help improve his skills after becoming a teacher. Top scholar Kevin Ausman simply enjoys Art for pleasure.

BPA — Office Education Association, the original Organization, was founded in 1966 and is chartered as a not-for-profit corporation in Ohio. To encourage males and females to join in preparing for work in the business world, the name was officially changed to Business Professionals of America on July 1, 1988. Just a few of the major purposes of BPA are leadership, development, improving social awareness, and promoting personal and professional growth. This year the North Putnam chapter received a membership award for increasing its membership 28%. The 1988-89 officers are as follows:

ADVISOR — Miss Peacock
TREASURER — Mary Ann Ronk
PRESIDENT — Angela Martin
HISTORIAN — Rachel Curran
VICE PRESIDENT — Marcey Boller
REPORTER — Cheryl Patterson
SECRETARY — Pam Nichols

Throughout the school year there were many activities lined up. Such activities included a district leadership conference with several interesting workshops available, pizza and swimming parties, fundraising and holiday season entertainment.

This year Angela Martin received her national torch award, Kim Wiggins received her state torch district and several other members received district and local torch awards. All of these people have shown outstanding participation in areas such as leadership, patriotism, cooperation and service. Every year in February the members participate in a variety of contests at district level. Not only is it a fun filled day to remember, but those members receiving top honors are eligible to attend state contests. This year members eligible to go to state competition were Marcey Boller and Rachel Curran in Information Word Processing Specialist II, Kay Phipps in Information word Processing Specialist I, Angela Martin competing in Administrative Assistant I, Julie Kleinmann in Entrepreneur Individual and Cheryl Patterson in Banking Applications.

This year Cheryl Patterson placed 2nd at state in Banking Applications and she attended The National Convention in Dallas, Texas, April 26-30. Cheryl finished ninth in the nation in Banking Applications. The following members have gained a lot from being in Business Professionals of America. Kim Wiggins — I've been a member of OEA for 2 years and BPA for 1 year. I've gained a lot of knowledge from participating in district contest each year at Terre Haute and I've gained many friendships through the meetings and contests.

Angela Martin — I'm a 4 year member of OEA/BPA. I've gained a lot of self-confidence in speaking in front of a large crowd. My reason for joining was to learn more about the business world.

Cheryl Patterson — I've been a member of BPA for two years. All the experience and fun times I've had have shown me a whole new side of being a business professional. Getting to go to National Convention in Dallas, Texas was a dream come true! BPA is a club that will prepare you to become a leader in tomorrow's business world. Do yourself a favor and give it a try.

They're planning to do a service project for nursing homes.

The club flower is the red rose

ROBIN SWANK — Good club, helps people prepare for family life.

ANGELA MARTIN — The club has many things to offer such as the student exchange and the different projects that are done throughout the year.

This past year they went to an Indianapolis Ice Hockey game, went Ice Skating, Bowling, and had a cook out and hayride with the South Putnam FCA. They also met every Wednesday morning before school. Their GREAT sponsors, Jim Brothers and Kevin Roy hope to increase membership and get more committed people to join the club. We asked a few members why they joined FCA.

BILL MARTIN replied: "I love the doughnuts of a morning and the great conversations."
