

THE GREAT DEBATE OF 88!!!

Democrat:
Mark Mcpheron = Dukakis

Republican:
Becky Ward = Bush

1988 marks yet another campaign year, and to start it off right N.P. will be holding their own elections for president, vice-president, and governor. The week of November 3rd will kick it off with registration of voters, a debate between the candidates and finally the actual election itself. Two seniors will be representing their classes as Bush and Dukakis, two juniors will run as Quayle and Bentsen, and two sophomores will represent Mutz and Bayh. The candidates will then choose two workers from each class to help with their campaign. The organizers of the event wish to invite everyone to participate in the election. Their goal is to have everyone learn a little more about the country and how it is run. It is your duty to get out and vote come November 3rd.

The signing

He who gives, shall receive.

The cookies were good. The juice was fine. Mostly it was only the class of 89. We gave our all; to save the small; although some only gave a little. Others gave lots.
