

RIGHT STAFF

The Right Staff—The people behind the scenes who get the nitty-gritty work done. In schools, administration, faculty and staff handle money, talent and scripts (think of fund raising, sports, clubs, and classwork). Shakespeare said it—all the world's a stage, etc., etc., etc. The school year ended May 30 with teacher records day being the 31st. Some faculty members added to their families—Linda Nelson, Mr. DeBoer, Ellen Johnson, and Kathy Dory. Kris Leatherman became Kris Lippencot. North Putnam continued changing, winning, losing, learning, another year closed and another soon begun.
