The North Putnam Varsity Cheerleading squad had an exciting and successful year. Last fall for Homecoming they planned and conducted the most spirited pep session in years. Then, to start out the winter session, they had an addition of seven "cheerlifters" to their squad. This made the year more challenging than ever. They work hard with the lifters to make the year even more memorable. They practiced in the morning before school, or after school—whenever all of the schedules coincided. I am sure that the 1988-89 Varsity Cheerleading Squad will be remembered.
