Kelly takes control!

Kay shoots for two.

This year's season had its ups and downs. The Lady Cougars started off with a fantastic win over Danville and then proceeded to take a roller coaster ride of obstacles to overcome.

Mr. Rose had his second winning season in the three years he has coached at North Putnam. The girls set their goals high and accomplished most. The girls won their first County Tourney by defeating South Putnam and Cloverdale. They also won their first sectional game of play in 15 years and later advanced to the sectional finals for the first time ever in Lady Cougar sectional history.

The girls had a great season and accomplished a great deal. With dedication, desire, and determination, the team achieved a record of 13-8, making it the best team ever. Mr. Rose left us with a few words of encouragement for the following years. "Next year we won't be rebuilding, just reloading."
