Hey Keri! Knock, Knock.

"STUDENT LIFE"

Seniors enjoyed their last year of High School realizing that the days of 'fun-&-games' were coming to an abrupt halt. People say that High School is the best time of one's life, but this year's seniors said that the best was yet to come!

Underclassmen couldn't wait to be seniors. They said that the work was too hard and the hours too long. The Seniors said that too, but they got through it easier because they knew that this was their last year at N.P. The underclassmen will make it even though they get very discouraged at times. They just have to keep that graduation goal in mind at all times and the years will whiz by. Best of luck underclassmen, you'll need it!

Justin "Parton" Galford before South Putnam game.

Eric Pipes and Rod Davis look confident for basketball regionals.
