Seniors Survive Changes

The 1991 Senior Class experienced many changes in its four years at North Putnam. In ninth grade, the class underwent new classes, athletic and academic teams, and the excitement of a false bomb threat. The sophomore year included the band's 4th place in the State Marching Finals, driver's education, and new schedule changes and academic requirements. The junior year took the band to the Hoosier Dome again for a 3rd place in the State Marching Finals, PSAT's college entrance exams, a sectional win for the basketball team, the excitement and expectations of being a senior, new administrators, prom decorations, plus more schedule changes and academic requirements. Finally, the SENIOR YEAR came and the class enjoyed another 3rd place in the State Marching Finals, a band trip to Florida, a trip to semi-state for the football team, and a STATE-winning Winter Guard team. Of course, there were pranks, prom, Global Affairs Newsweeks, term papers, Calculus hand-ins, and even more schedule changes and academic requirements . . . and, thank goodness, GRADUATION!!!
