

## Students Learn Skills in Voc. Ed.

Vocational school offered North Putnam students a way to receive hands-on training in the areas of health occupations, electronics, auto body, building trades, and auto mechanics.

Darlana Capps, auto mechanics student, said, "Vocational is a career, instead of unwanted classes that don't pertain to anything."

Students traveled to the Putnam County Area Vocational District School in Greencastle for a half day of learning. Dr. Thomas Garrison was in charge of the program.
