A Typical Day at N.P.

A day in the life of a North Putnam student could involve many things. After waking up (That's often the toughest choice of the day!), you get ready, and come to school by bus, friend, parent, or on your own.

Come in, go to the bathroom, look to see how pretty you are, chat and laugh with your friends, walk the halls, or sit in the cafeteria.

The bell rings at 8:15. Get to home room, watch Channel One. Some may do homework. Next, go to first hour class. Depending on what the class is, you might discuss work or what you did or didn't do the night before. Second and third hour — same thing.

Vocational students and junior high eat lunch A at 11:15. Luch B people eat at 12:09, and Luch C people eat what's left at 1:03. By this time, you might want to take a nap or go to the nurse's office. But, before you know it, 3:27 rolls around and it's time to go home, start practice, or go to work. This goes on for 180 days. All these days you have something to look forward to — Summer!
