

You've never accepted "I can't!" Instead, you've always had the attitude of "I'm going to do the very best and go even better at school work and jobs!" We've watched you reach your rainbows. If any young man deserves a gold medal it is you Michael!

Michael Henry

We are very proud of you. You've been a great help and blessing to us. You've been the kind of son we could always count on. We love you.
