

Jerry Robertson said, "Our success this year has a lot to do with the fact that everything we did, we did as a team."

This year's cross country team was one of the most successful teams ever at North Putnam. The runners reached many team and personal goals. The team ended their season with a 13 and 1 record, a county championship, a second place conference finish, and a second place sectional finish. North had three all-conference runners: Roger Busch, Jerry Robertson, and Jeremy Butler. North also had two runners advance to the regionals. Jerry Robertson and Roger Busch. Busch's sixth place finish at regionals, and eighth place finish at semi-state was enough to make it to state championship. Roger placed 30th out of 135 runners. He is the only cross country runner ever to run in a state meet from North Putnam.

Roger Busch said, "My goal all year has been to make it to state. I'm glad I finally made it."

The 1991-92 Freshman Volleyball Team ended its season with a record of seven wins and six losses, the girls' first winning season ever. Coach Toni Beck reflected on her team's progress, "Many of our losses were by just a few points, and in most of those matches the other teams had to take us in three games." "I have never seen a group of girls work so hard and show so much improvement as they did," complimented Beck. "The heart of being a real team is the ability to play together as one, and that's what these girls did."
