Throughout the year the high school choir participates in several activities. In the winter months they make an appearance in the Winter Concert; in the spring they were involved in the Variety Show. During this, they put on a skit of popular U.S. songs from past to present. Toward the end of the school year, they traveled to the elementary schools and again put on this skit for the grade schoolers.

The 1991 Fall Guard had an undefeated season this year to have the best season ever. The Marching Cougar Guard remained first throughout the marching season to help the band place third in the State Marching Band Contest held at the Hoosier Dome.

To be a winning guard it takes many hours of practice during the hot summer months along with the freezing cold of the fall weather. Practicing three hours a night is what it takes to be a winner along with blood, sweat, and tears. Getting 30 girls together isn't easy, but Lee Gibson and Marty Johnson are just the men to do it. It takes leadership, responsibility, and the most important part of all, working together as a group (teamwork).
