The Future Homemakers of America had an eventful year. In the fall, they participated in a student exchange program with Danville, Western Boone, and South Putnam. The members attended classes for a day in each of the schools and then acted as host when those three schools visited our school for a day.

Five of the members attended the State Leadership Conference for an exciting weekend at the Adams Mark Hotel in Indianapolis. The members who attended were: Heather Miller, Julia St. John, Amee Van Scoyk, Annette Montgomery, and Michelle Day. Michelle received a gold medal in the creed presentation proficiency event.

The year ended with a farewell party for seniors.
