

Volleyball 'Family' Succeeds

The Varsity Volleyball team started and finished its season with excellence. "This year's team wasn't like all the rest, but it was a season of accomplishment, of achievement, of succeeding, and suffering as a team," stated Coach Price. The coach also stated that there was more team unity and the seniors showed great leadership.

Each player played to her fullest potential in every game. The County Tourney win over Greencastle was played with every player focusing and adding value to the team, according to Coach Price.

Coach Price commented

Melissa Dickerson goes for a high leap for the ball.

Misty Myers waits for the ball to come to her

on what skills and values the seniors have gained from being on the team since their freshman year, "They appreciated hard work and sacrifice, and they also appreciated each other as friends."

Tracey Schraub prepares herself to receive the ball in her first game of sectionals.

Hope Richardson studies the ball's movement and waits for it to come her way.
