

Parents Provide Support

The parents helped throughout the year with the band members and with the flag and the Winter Guard members.

The parents did anything from fixing the uniforms, setting up the instruments, taking tickets at athletic contests, planning for Mr. Wilson's retirement, and just supporting the band and others when they went to contests.

All of the parents deserve credit for helping out. Janet Wallace served as president of the Band Parents. She and other parents took the time out of their own schedules to help. Thank you for all of your help this year. ○By Melissa Dozier
