

Sponsors, Spirit Club Help Change School Spirit

A lot of things changed in the spirit sport of cheerleading--from putting the squads together to the wonders of cheerlifters to the spirit of the Spirit Club.

Tammy Brothers helped change the reputation of the cheerleaders, and Lori Fisher helped with the gymnastics and getting the squad get

the stands and pyramids together.

The members of the varsity squad qualified for the International Open Cheerleading and Dance Championships in Nashville, Tennessee. Unfortunately, the squad was unable to attend because of a lack of school funding for the trip.

The school spirit changed for

the better this year. Spirit has a way of showing everyone who we really are. The Spirit Club has proved that we, as a school, can have fun and help the Cougar football or basketball teams to win. As twenty-five more years pass, hopefully the spirit won't end. Let's help make this a tradition to carry on to each generation. By Melissa Lamb

Clockwise from above: 1. The varsity squad cheers for the football team on the new track and field. 2. Kristen O'Hair and Emily Havens yell at the crowd at a pep session. 3. Senior cheerleaders Emily Havens, Kristen O'Hair, Nikki Branham, Melissa Lamb, and Jodi St. John pose for the camera. 4. Becky Collins stares at the crowd to see if anyone is looking at her--surprise!
