

# We're on Our Way

Freshmen had a lot of decisions to make in their first year of high school. They had to decide what classes to take, and plot their course for the rest of their high school years. They also had some some classes where they had to deal with upper classmen for the first time.

"It wasn't as bad as I thought it would be. However, at times it was rough. For next year's freshmen, watch your back, because you might get the unknown," said Ryan Spears.

Any sophomore will tell you that the "Big L" is the highlight of the year. The "L" stands for license; driver's license that is. That translates into putting as many people into your car as possible, and going "crusin."

"It feels great to finally have freedom. This year has been fast and great," commented Jocelyn Cloncs.

Juniors faced the reality that graduation was just around the corner, and that they were responsible for raising money for the prom and decorating.

When asked about going to the prom, junior Tony Rikken said, "It will be an interesting evening."

Sophomore Bryce Jones shows everyone how to move as he country line dances. School dances were a popular form of entertainment.
