

Making the *Play*

By Stephanie Stevens

Through out the year, the junior varsity Cougars dealt with some big competition. When asked, despite a 2-5 record, did you feel the season was a success? Coach Harmon replied, "Yeah, to my knowledge they never have had a winning season. North Putnam J.V. Football really isn't designed for wins or losses, it's for developing players for the varsity team. I really wasn't concerned about whether we won or if we lost."

As I talked to several players, a lot of them agreed that even though their record wasn't good, the attitudes and commardery were better than the previous years.

When asked what was his favorite game of the year, sophomore Adam South replied, "Cloverdale, because it was my best game defensively."

All in all , the J.V. team was a great bunch of guys and we can only say, "Good Luck next year!"

Jim Kinnee breaks through the Monrovia defensive line and gains yards on the play. He also played for the varsity Cougars.
