

Caught in the Act

By: Rose Henderson

It was a year of changes at North Putnam. Mr. Overfield was named the new Assistant Principal. Mr. Pradke took over as band director. Mr. Rightsell became the new speech teacher and assumed the duties of newspaper and yearbook advisor. Ms. Seeman was the new special services teacher and sponsor of the junior class. Also, this was the first year for In School Suspension and Advisor/Advisee groups.

With any change there are adjustments that have to be made. Students made those changes and managed to have a good time doing it. They celebrated Homecoming, went to dances, attended sporting events, partied at the prom and post-prom, and shared laughs with friends. The list could go on, but **you really had to be there!**

Monica Folck is surrounded by balloons and flowers. The gifts were for students who had Valentine sweet-hearts.

Wayne Johnston gets a little horizontal as he hams it up with friends. Students always found a way to have fun.
