

Expanding Our Minds

Studying late at night. Last minute cramming for a test that you forgot about. Academic challenges are nothing new for North Putnam students, and the pursuit of a diploma and marketable skills were the motivation for meeting that challenge. In the area of academics, Becky Cantonwine was a star, an Indiana Academic All-Star to be exact. She was also the Valedictorian of her senior class. As the year passed, hard work and managing time produced good habits that will benefit future careers.

Brian Mason and Becky Cantonwine reap the fruits of their labor as they are congratulated by Mr. Zerke for being named Salutatorian and Valedictorian.
