

MUSIC MAKERS

Out with the old and in with the new, and out with the old again. That pretty well describes the successful but year of change that concert choir and band experienced this year.

After being under the direction of Mr. Wilson for many years, concert band was directed this year by Mr. Pradke. Although he had big shoes to fill, Mr. Pradke and the concert band carried on the tradition of excellence with several outstanding performances throughout the year.

Last year there was only concert choir, but this year there was concert choir and the addition of the new girls' choir. Both choirs gave several fine performances during the year, including performing at the annual Variety Show. However, the year ended on a sad note for the two choirs when Mrs. Dory accepted a teaching position at another school in order to spend more time with her family. Thanks Mrs. Dory for all the great years. We'll miss you!

Mr. Zerkel is the "Music Man" right here in Cougar City. He performed at the annual Variety Show.
