BOYS' AND GIRLS' TEAMS TEST THEIR LIMITS

BRIAN RAYLES QUALIFIES FOR REGIONAL COMPETITION

This year's cross country teams were determined to improve upon last year's performances and that's exactly what they did.

The boys' team ran to a 4 and 5 record this year winning three of their four home meets.

Brian Rayles had an exceptional year as he finished in the top 15 at the sectional meet. That qualified Brian for regionals where he finished 45th.

The girls' team finished with a record of 2-

wins and 3 losses.

"We had a great season! It was nice just to have a full team every meet," said MVP Natalie Clodfelter who was selected to the Academic All State team in Cross Country.
