

SOCCER

TEAM WITH HEART FALLS SHORT OF GOAL

*Jason Everman named MVP
of Cougar Squad*

It wasn't the total turnaround that the soccer team had hoped for, but they did win twice as many games as last year. Well, actually they won two games instead of one, but like last year, the

team showed a lot of improvement.

"I played last year, and I think we have greatly improved since then. We won more games, scored more goals, and played as a team much better. For

me, soccer was great this year," said Doug DeHoff.

The soccer team triumphed once over McCutcheon and Monrovia, and tied McCutcheon in a second game.

Coach Funk gives the team a pep talk. The team consisted of mainly Juniors and Sophomores which makes next year very promising.

Jason Everman and Colin Galford sandwich a Covington player as they rush toward the ball in soccer action. Their effort wasn't enough as the Cougars lost the game.

Billy Malicoat runs down the field in full stride. Running up and down the field many times during the course of a game required players to be in good physical condition.
