

BASKETBALL

UP AND DOWN SEASONS ARE LEARNING EXPERIENCE

JV and Freshmen teams concentrate on building skills for Varsity

The focus of freshmen and J.V. basketball at North Putnam isn't centered on winning. Players use this time to develop skills in preparation for varsity play. Players on both teams worked

really hard this season doing just that.

"Going up to JV was pretty exciting as you get to play against better competition. I can't wait until next year," said Josh Boller.

"This season was

kind of up and down. We had less and less people as the season went on, but it was still very productive," added Brandon Elliott.

With all their hard work, the basketball future looks bright.
