COUGAR GIRLS EXPERIENCE FRUSTRATING SEASON

Kelly Parker's leadership and play earns Most Valuable Player Award

Going up against older and more experience teams game after game is not an easy task as this year's varsity team found out. The team this year was comprised of all underclassmen except for

one senior member.

"The talent was there; we just need to learn to use it," said MVP Kelly Parker.

"We needed to work harder and should have been more dedicated,"

added Natalie Berry.

One thing is for sure, with all the players returning next year except one, look out!

Kiley Myers holds the ball above her head as she attempts to make a pass. Despite a strong effort, the lady cougars lost to Monrovia by six points.

What goes up must come down. Several Cougar players wait anxiously for a rebound against Monrovia. Although they won only two games, the girls' team played with intensity.

Setting the play. Samantha Brown surveys the situation as she attempts to penetrate the defense.
