

WINTER GUARD STATE CHAMPS!

Guard Finishes 1st at State!!!

The theme this year was *COLD* by Annie Lennex, but the guard was **hot**. They were undefeated all season. At State Prelims they came in third place, but by the time the

State Contest rolled around, the guard was ready to take the gold. Their performance at state was the best show of the year as there were no drops, and when they were done perform-

ing, they received a standing ovation. Leaving the floor, the girls were in tears because they knew that they had just put on the best show of their careers. What an ending!

OFF AND RUNNING!! Stephanie Stevens and Jennifer Hilburn start the show portraying coldness and depression. They and the rest of the guard were performing during half-time at a home basketball game during Senior Night.

"Overall this season was a great accomplishment. We finally got what we had been working for. I am glad that all of the Seniors could be a part of it."

Amy Nelson

"This year started out kind of rough with the snow and all. Eventually, we pulled it through and made it the best year ever."

Malissa Burchett
