

# Sophomores

The sophomore year is a turning point in the lives of students. This is the year when many sophomores turn 16 and have a little more freedom to do things. This is when they receive that long-awaited driver's license, and many are allowed to date at this age. It also marks the half way point towards graduation.

**WE NEED HOT COCOA!**

Jaycie Lane, Courtney Carter, Ashley Bullerdick, and Michelle Tribbett all huddle together for a quick picture at the Homecoming Game.

**FOLLOW THE PAWS!** Sophomore Colleen Thornburg tries her hand at painting cougar paws on the school windows. She was one of many cheerleaders who helped decorate the building for homecoming.
