

Freshmen

Being a freshman is a time of excitement and transition. The change from middle school to high school is challenging, and getting use to block scheduling can take some time. Your first homecoming dance and high school pep session are fond memories. For many students receiving their class ring is an important event. While many students are anxious to look ahead to the rest of their high school years, the memories you collect as a freshman will stick with you for the rest of your life.

Cougar Fans: Tara Rader, Shelby Neier, and Angie Spears pose for a picture while attending a home football game.

Freshmen Friends: James Lawrence, Erin Licklitter, Amy Murphy, and Russell Keck gather during a passing period. Amy was sporting some Mickey Mouse pj's.
