

Freshmen

Hard at work! Jessie Greeson concentrates intensely while sewing in Mrs. Wilson's Home Economics class. Throughout the semester, students were taught the fundamentals of sewing.

Making the grade: Freshmen relax in English class. Mrs. Stevens-Reed transferred this year from the middle school, and was a familiar face to freshmen after teaching them last year.

Go for it! The freshmen powder puff team attempts to score on the sophomores in this year's homecoming festivities. Their spirits were high, but they were defeated by the sophomores.

Take a break! Andrew Pollock enjoys a rest after running a mile in P.E. class. Mr. Myers' Physical Education class is a requirement for all freshmen.
