

# Life At School

Students wear many hats during the course of a school year. They may find themselves working at the concession stand raising money for their team or club. You might find students on a ladder decorating for homecoming or a club party. You might find them cooking, playing football on their class team, going on a field trip, or yes, even studying. One thing you will find for sure at North Putnam is a lot of student activity.

Sophomores Kim Burdine and Ashley Bullerdick

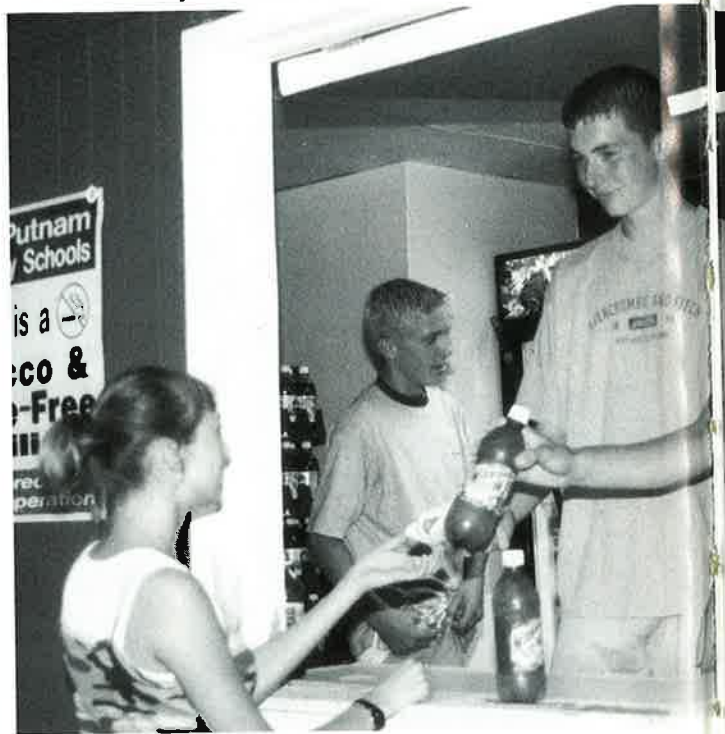

Kari Patrick & Kelly Hamilton
