

COUGAR FOOTBALL

Quotes & Comments

Sophomore Landon Brothers
"I felt that our record didn't show how hard we really worked."

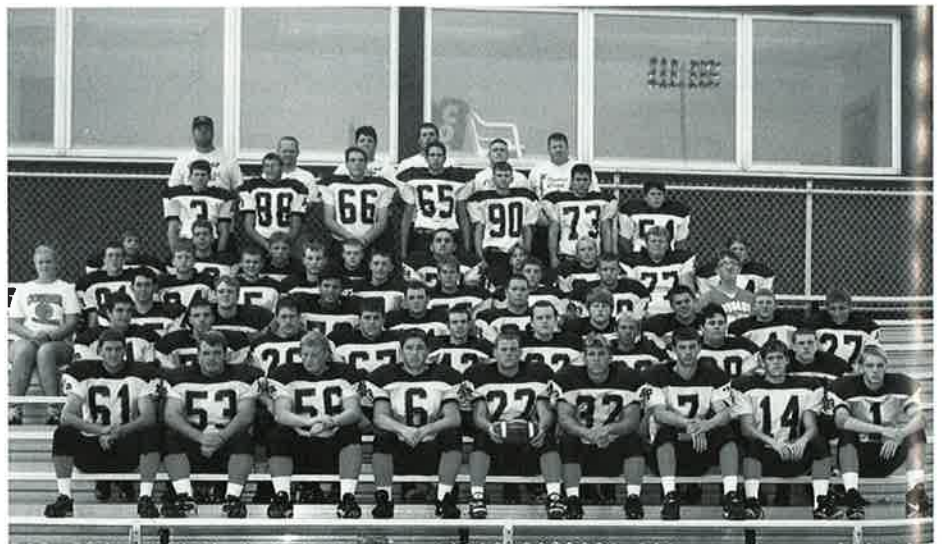

Junior Kenny Human
"I thought that the season was fun but short. I hope that we can improve and come out next year with a good team."

Season Summary

The Cougars had great expectations for their 1999-2000 football season. North Putnam started off by winning their first two games. Then the (2-0) Cougars played the (1-1) Cadets. It looked to be a Cougar win, but Cascade fought back to take the lead. In the closing seconds the Cougars had the ball marching for a T. D. On their last chance to score, wideout Rusty Hanson was tripped by a Cadet defender and the pass was intercepted.

That sealed the win for the Cadets. The Cougars could never get their momentum back after that. They only won one more game after that by defeating Greencastle. What looked to be a promising season turned out to be a little disappointing. The Cougars finished with a (3-7) record on the year. They look forward to next year's season with hopes of improving this record.
