## WET N' WILD

The North Putnam Co-ed Swimming Team finished with a successful season. They had hard practices in and out of the pool to get ready for their competitive season. With this attitude, swimmers improved their scores and Paul Spacco went to Regional. Nice Job Swimmers!! Their season was full of excitement, from when the coaches fell in the pool with their clothes on to when they were just hanging out with each other. "The season was fun," the team said.
