

# Boys Cross Country

The North Putnam boys cross country team experienced a year full of new faces and great times. The team finished the regular season with a strong record of seven and five, but had some disappointing places in county, conference, and the sectional meets. The Cougars had four returning runners and the addition of Gary Passwater and Craig Franklin to aid them through this season.

Coach Kristy Lippencott had many positive things to say about this season and the runners themselves. "This was the most successful season that our seniors had been a part of during their four years. Gary had a great season as he made All-County, Conference, and All-Area teams. Craig made the second All-Area team and Chad, Brandon, Aaron and David all worked harder than ever to make it a great year."

## BRING IT ON

The team gets together before a meet to get pumped up and discuss their strategy. Above all the boys always went out to have fun.

## ONE AFTER THE OTHER

Brandon and David McGaughey go one and two through the course. "We had a decent year with a good record. We worked well as a team and I enjoyed it all," said Brandon.

## PUSHING THE LIMIT

(right) Gary Passwater flies around the course in his singlet to increase his stamina. Gary felt that his season was a great experience and credits his teammates with a lot of his success.

## PRACTICE MAKES PERFECT

Craig Franklin concentrates hard during a practice. The team put in many miles before and during the season in preparation for the start of the year.
