

Dearest Jay,
 You have been such a source of joy & blessing in our lives. We waited seven long years to be able to have you and it only enhanced our delight in watching you grow to adulthood. In many ways you are our hero. We have watched you develop perseverance, maturity, intellect, and confidence. You have tackled life with a courage and conviction that we envy at times. You have a quiet, witty way about you that belies that profound strength you possess. You have learned to dream and still grasp the practicalities. It is with wonder and delight that we send you forth to the next chapter of your life, knowing that the "magic" of you will propel you along at least one of the paths of greatness. We have no doubt that your profound love of learning coupled with your deeply felt morality will enable you to contribute meaningfully to your vocation, community, church and ones you love. Never forget what your father so lovingly quips... "you're a dynamic human being, a scientific marvel, and a wonder of the human race!"

Love,
 Mom, Dad, and Jonathan

Scott,
 Phipps.
