Wow Karin, it is hard to believe your Graduation is almost here! Your Elementary, Middle, and High School years have given us memories that will forever be in our minds and hearts. You are truly a go-getter and that is what it takes to succeed in life. Always remember that we are very proud of you and are here for you when you need us. Life has a lot to offer... just continue moving ahead with pride and confidence and you'll reach the lifetime goals you have set for yourself. Keep this advice in mind: Attitude is a little thing, but it makes a big difference! Pray each day, keep God in your life, and live each day to be the best you can be.

We love you,  
Mom, Dad, Kelli, and the gang!

My how time flies by, it seems like only yesterday that you were just a baby and now you're a grown woman about to graduate high school. All I can say is I couldn't have asked for a better daughter. You have made me very proud to be your mom. You have always been a very smart and respectable young lady who has never given me any trouble. I don't have any doubts about you succeeding in life and wish you the best. We have always been close and I feel you are not just my daughter but my best friend. I will miss you a lot while you're off to college, but you know that whenever you want to come home just call and I'll be there. Your brothers and I will be lost without you here, but we're all happy for you and are very proud of you. One of the things I admire about you is you have goals and won't stop until you reach them. I love you and wish nothing but the best for you because you deserve it. Always remember I'm here for you and love you very much and will miss you.

We love you,  
Mom, John, and Joe

Christopher,

You have grown into a fine young man that we are very proud of (ok, we're proud of you most of the time, alright fine, now and then). Throughout the years you have always amazed us with your ability to do anything. Don't ever give up and never let anyone get your spirits down. Your upbeat personality will open doors for the rest of your life.
