Ashley,

You have given us so much to be proud of through your first 18 years that have meant so much to us. The many memories of you from infant years to kindergarten, through elementary, entering teenage years (with the attitudes all teenagers get), to now the final years of high school. We are proud of the young lady you have become. Remember we will always stand behind you even when you don't need or want us to. We will always be here for you as you move on with your life. Thank You for making us proud to say you are our DAUGHTER. Good Luck, the future is now yours so make the absolute best of it. Remember always that "We Love You & will always be here for you."

Dream Big!! Start now your journey into your future with pride, courage & hope. Keep trusting in God & yourself. Follow your dreams & he will help guide you to conquer what ever you want.

Remember "The difference between the possible & the impossible lies in one's determination."

THE BEST IS YET TO BE!!

Love Always 4 ever,  
Mom, Dad & Cody

Craig,

You're living proof that God blesses us even though we are undeserving. You've been a constant source of joy for all of us and though when you were small it seemed you might have trouble filling Dad's shoes, we know you will succeed in accomplishing that and much more in the coming years.

We are all so very proud of you and love you much more than you will know, until the time that you have a son of your own and then we are certain you will fully appreciate and know how special to us you truly are.

Love,  
Mom, Pop, and Hannah

What a "GREAT" big brother!! Love, Hannah
