

Scott Williams

To my son, S Williams

I could not be prouder of how you turned out, all you have accomplished, and the man you have become. Remember, if you put your mind to it, you can go anywhere and do anything. The realm of possibilities are endless.

- Love Dad

P.S. Glad you retired your floaties.

Scott,

We are so very proud of you and how much you have grown. Never forget where you have come from and stay grounded. Treat people as you want to be treated with kindness and respect.

- Love Gramps and Grams

I want you to know how proud I am of all you've done with your high school career. I cherish and love you more than I can put into words. I hope the rest of your life can bring you the joy you've given to me. You're a wonderful son.

- I Love You, Mom
