Wow!! My beautiful baby girl is graduating. It all seems so surreal with all the bumps in the road-- having a baby, working, getting married. With your determination, you can accomplish whatever you set your sights on. Keep your faith and pursue your dreams BFF.

I am very proud of you

With each passing year, Dad and I would say "it can't get any better than this." Each year you proved us wrong. We have been so blessed to have you in our lives, all the joy we have shared; the challenges we have conquered; and seeing all your hard work pay off. You have been everything a parent could hope for and much more. We love you, babe!
